**M1 Endeavor Systems
Controls, Components, & Troubleshooting
High-Mid-Base Tier 2023**

Class Description

The Rheem M1 Endeavor 14-18 SEER Controls, Components, and Troubleshooting training program explains in detail the new technology used to meet SEER2 requirements. This course includes training on Endeavor components like compressors, brushless DC motors, control boards with Bluetooth, two- & three-stage controls, and many more. It also delves into Rheem system diagnostics and troubleshooting using a phone/tablet or Rheem Econet thermostat.
